

## LINEARlight-DRAGON Module

---

Rigid LED modules

- Cove lighting
- Shelf and cupboard lighting

### Product benefits

---

- Low maintenance costs thanks to a lifetime of up to 70,000 h
- Adequate heat removal thanks to aluminum housing
- Ready for connection with premounted feeder as a connection to the control gear

### Product features

---

- High-quality batten luminaire with 6 high-power LEDs
- Dimmable
- Mounting with M3 screws or brackets
- With mid-feed up to six modules can be operated on one control gear unit

<sup>1)</sup> Modules perfectly matched to 24 V OSRAM OPTOTRONIC electronic control gear/For current photometric data and important safety, installation and application information, see [www.osram.com/led-systems/](http://www.osram.com/led-systems/)All the technical parameters apply to the entire module. In view of the complex manufacturing process for light emitting diodes, the typical values given above for the technical LED parameters are merely statistical values that do not necessarily correspond to the actual technical parameters of an individual product; individual products may vary from the typical values

## **Equipment / Accessories**
